EDUCATION

University of Northern Iowa

B.S. in Computer Science / Minor in Data Science | GPA: 3.54

Courses: Machine Learning, Data Structures, Statistics, Database Systems, Data Visualization

Cedar Falls, IA

Dec 2027

TECHNICAL SKILLS

DA & ML: PyTorch, Scikit-learn, Pandas, NumPy, Tableau, Power BI, SQL(PostgreSQL, MySQL), MongoDB, Excel

Programming: Python, R, Typescript/Javascript, Java, C++

Development: AWS, Git, Node.js, Next.js, FastAPI, Prisma, Docker, REST APIs

Languages: Spanish, English

EXPERIENCE

University of Northern Iowa — Institutional Effectiveness and Planning

Aug 2026 – Present

Business Intelligence / SQL, Python, Tableau, Excel

Cedar Falls, IA

- Analyze **3,000+** student records using SQL and Excel to uncover enrollment, yield, and retention trends used in recruitment and student-success planning.
- Build and maintain **50+ Tableau dashboards** that centralize key recruitment and retention **KPIs**, giving stakeholders faster access to actionable student insights.
- Integrate data from **10+** sources to identify factors associated with admitted students choosing not to enroll.
- Develop enrollment projections and **visual analyses** that inform university budget planning and resource-allocation decisions.

University of Northern Iowa — College of Education

Jul 2026 – Present

Data Analyst / Python, R, Excel

Cedar Falls, IA

- Analyze **8,000+** student records using Python and R to identify performance trends over time, helping academic advisors develop targeted student-support and intervention strategies.
- Validate and reconcile **400+ student records weekly** across multiple source files, identifying incomplete or conflicting information before submission.
- Maintain **98% data accuracy**, reducing downstream corrections and improving the reliability of institutional records.

Advance Iowa

Jun 2026 – Aug 2026

Data Analyst & Software Engineer Intern / Typescript, Next.js, Postgres, Python, Tableau

Cedar Falls, IA

- Cleaned, transformed, and integrated **70,000+ business records** from four public and commercial sources using Excel, creating an analysis-ready dataset covering all 99 Iowa counties.
- Developed **10+** interactive Tableau dashboards and county-level heat maps that enabled stakeholders to analyze regional business-succession trends and guide strategic planning.
- Built an internal tracking and reporting system that automatically generates annual **Excel and PDF reports**, reducing manual data entry by **80%** and **saving 3 hours per day**.

RESEARCH & PROJECTS

Animal Footprint Analysis — Undergraduate Machine Learning Research | PyTorch, Deep Learning

Sep 2026 – Present

- Develop **deep learning models** to **classify** and **analyze** animal footprints for paleontological research using **computer vision** and **style transfer**.
- Build training **datasets** from online imagery and experimentally generated footprints across snow and soil.

Student Marketplace - [PantherX](#)

Jul 2026

- Built a full-stack marketplace using Next.js, NestJS, PostgreSQL, Docker, and Prisma, with secure authentication and relational data models supporting **100+ registered users**.
- Developed an admin dashboard that transforms marketplace data into interactive **KPIs** and **charts**, allowing administrators to track user growth, listing activity, engagement, and reported content.

LEADERSHIP

Global Student Association — Kirkwood Community College

Aug 2025 – Dec 2025

President

Cedar Rapids

- **Planned and led cultural events for 65+ students**, promoting engagement between international and domestic communities.

AWARDS & ACHIEVEMENTS

- Dean's List, Top-Four Math Student, Kirkwood Community College, Phi Theta Kappa (PTK) Member
